

# Let's Get Growing

When you're hungry, you probably open your refrigerator to find at least a couple of things inside. And your cupboards likely have at least a few odds and ends sitting on the shelves. Most of us don't think twice about where our next meal will come from. And if we *don't* have enough, our neighbors, family, friends or local agencies can lend a hand.

That's not the case in Haiti.

Years of drought, punishing hurricanes, and decades of deforestation have taken a toll on Haiti's soil. As a result, parents struggle to grow enough food for their families. Entire communities live hand-to-mouth, unsure of how to produce sustainable, adequate food sources.

But we want to change that!

Operation Kid-to-Kid is partnering with World Vision to provide Haitian families with drought-tolerant seeds—enough to grow food for the *entire* family, with additional crops to sell in community markets. Donations also help farmers learn sustainable farming practices, contribute toward reforestation, and help nourish entire communities for years to come! A \$10 gift provides seeds that can grow into food that will feed a child for an entire year. And *any* donation makes a difference! Add whatever you can to the Operation Kid-to-Kid Seed Packet Donation Envelope sent home with your child. We're excited to see God's love grow as we help struggling families in Haiti.

To learn more about Haiti and the people that live there, visit [group.com/missionhaiti](http://group.com/missionhaiti) for a short video you can watch with your family!
